Electrical

Site Comments:

Electrical comments: M/s. Al-Dawliah Al-Ariqah is accepted in principle as a subcontractor for electrical works in light of his previous works for similar scope. The main contractor shall ensure that, all legal government certificates are valid and updated, in addition to the fulfillment of the following requirements before signing any contracts with M/s. Al-Dawliah Al-Ariqah:

- a. Full detailed Organization Chart (OC) for engineering staff (construction and technical staff), the OC should clearly indicate the name of each key person and his position for the teams that will be assigned on the awarded scope in project.
- b. An updated profile should identify all resources (manpower, equipment, and tools) that will handle the electrical works in Shamiya project, along with an updated CV, and valid copy of certificate for engineering accreditation issued by Saudi Council of Engineers (SCE), in addition copy of Resident Identity for all engineering staff.
- c. An updated qualifications of company's fabricators or installers/supervisors, along with years of experiences for any specialized works, where applicable /requested in project.
- d. Company quality assurance and quality control procedures should be provided for electrical scope of work in compliance with the latest Project Quality Plan (PQP). The staff members assigned for these duties should professionally certified.
- e. Company health, safety and environmental policies shall be provided in compliance with the documents and directives followed in project.
